1987

Cover: Based on logo designed by Debbie Graham, Leon County Public Library, Graphics Specialist, for the 1987 Florida Library Association Legislative Day.

Funded in part by Library Services and Construction Act Grant.

PREFACE

This edition of the Florida Library Directory contains statistical data for FY 1985-86. It includes address listings as supplied by public, academic, institution, and special libraries, and by district school media centers. A name index is included in the back. The computerization of the statistical data and address listings for the production of this year's Directory was done by E. Walter Terrie of the Florida State University Center for the Study of Population Studies, who was assisted by Danny McDaniel.

Statistical information was compiled from the annual reports submitted by cooperating public and institution libraries. Public libraries used a form devised by the State Library which incorporates the Library General Information Survey (LIBGIS) form, and the annual Florida supplement. The state of Florida is one of the states participating in the pilot project for the coopertive system for Public Library Data Collection sponsored by the Office for Research, American Library Association. The survey reflects participation in this project.

In using the data, it should be noted that population figures are from the Florida Estimates of Population, University of Florida, as of April 1986, and refer to permanent resident population only. Total population served by public libraries as reported in statistical tables 1,6, and 7 adds to more than the total population of Florida. This is because some municipal libraries and county libraries serve the same population group.

Appreciation is expressed to all of the State Library staff who helped with the compilation of the Directory and especially to Virginia Grigg, Ethel Hughes, Laura Hodges, Kathleen Mayo, Betty Ann Scott, Loretta Flowers, Bill Paplinski, Tricia Dyer, Dennis Mathis, and Kathy Wright. Also to Sandra Ulm of the Florida Department of Education who edited the school media center section.

A special note of appreciation is due to the librarians of Florida whose cooperation makes this publication possible.

-- Elizabeth Curry

PUBLIC LIBRARY STATISTICS

STATISTICAL ANALYSIS FOR PUBLIC LIBRARIES
1985-1986

Data is compiled from annual survey forms distributed to public libraries in January 1987. Except in cases of obvious inconsistencies where changes were made in consultation with the libraries concerned, the information is published as submitted.

The survey requests information which is not reported in the Tables. This information is also compiled and kept on file at the State Library. Librarians may request information from these files at any time during the year.

Florida public libraries circulated 42,245,575 items to 3,626,838 registered borrowers through 1080 service outlets.

Florida public libraries have 728 librarians who have earned a master's degree in library science. Additional staff total 2,574 and there are 398 regularly scheduled volunteers. All numbers for staff are expressed in full-time equivalents.

The libraries offered 15,730,854 books plus 3,649,998 volumes of other types of materials to 11,882,460 residents, or 1.63 volumes per capita. Because some residents are served by more than one library, the number of residents served exceeds the population of Florida. This does not mean that every resident of Florida receives free library service. (See Status of Library Development 1987.) Circulation per capita was 3.56. The figures for FY 1985 were 1.55 volumes per capita and 3.52 volumes per capita circulated. Approximately 7,485,950 reference questions were asked. This represents .63 questions per capita, and each book circulated an average of 2.18 times during the year.

Revenue for FY 86 totaled $111,179,331 and was received from four main sources: Local (municipal and/or county governments), 87%; State of Florida, 6%; Federal government, 3%; and other, 5%. This compares to percentages reported for spending in FY 1985: local, 84%; State of Florida, 6%; Federal, 2%; and other, 8%.

The libraries reported a total operating expenditure of $104,524,367 which equaled $8.80 per capita. In FY 1985, the figure equaled $8.16 per capita, and in FY 84, $7.58 per capita.

Population projections were taken from Florida Estimates of Population, April 1, 1986, State, Counties, and Municipalities (prepared by the Population Program, Bureau of Economic and Business Research, University of Florida, April, 1987). When the group that receives free library service did not correspond to county or city boundaries, we used figures provided by the library. These exceptions are noted in the footnotes in Table 1.

POPULATION SERVED

(Footnotes to Table 1, Column 4)

1. Orange County Library District is for Orange and Osceola counties minus Maitland and Winter Park.
2. Miami-Dade population was computed by subtracting from the 1986 Dade County figure the population figures for: Hialeah, North Miami, Miami Beach, North Miami Beach, Surfside, Bal Harbour, Bay Harbour Islands, and Opa-Locka.
3. Surf-Bal-Bay serves the population of Surfside, Bal Harbour, and Bay Harbour Islands.

FLORIDA LIBRARY INFORMATION NETWORK
LIST OF PARTICIPATING LIBRARIES

FLIN LENDING PARTICIPANTS :

NETWORK HEADQUARTERS AND STATEWIDE LENDING :

Division of Library and Information Services, State Library of Florida

REGIONAL RESOURCE CENTERS :

- Broward County Division of Libraries
- Jacksonville Public Library
- Miami-Dade County Public Library System
- Orange County Library District
- Tampa-Hillsborough County Public Library System

PUBLIC LIBRARY SYSTEMS :

- Brevard County Public Library System
- Collier County Public Library System
- Lee County Public Library System
- Leon County Public Library System
- Manatee County Public Library System
- Palm Beach County Public Library System
- Sarasota County Public Library System
- Seminole County Public Library System
- Volusia County Public Library System

ACADEMIC LIBRARIES - With OCLC Codes For Participating Campus or Collection Libraries :

- Florida A&M University (FCM)
- Florida Atlantic University (FGM)
- Florida International University (FXG & FXN)
- Florida State University (FDA)
- University of Central Florida (FTU)
- University of Florida (FUG)
- University of Miami (FQG)
- University of North Florida (FNP)
- University of South Florida (FHM , FHC & FHS)
- University of West Florida (FWA)

FLIN GROUP ACCESS BORROWING PARTICIPANTS :

- Alachua County Library District
- Boynton Beach Public Library
- Bradford County Public Library
- Central Florida Regional Library System
- Charlotte-Glades Library System
- Clay County Public Library
- Clearwater Public Library
- Columbia County Public Library
- Gadsden County Public Library
- Hernando County Library System
- Jackson County Public Library
- Lakeland Public Library
- Monroe County Public Library
- Northwest Regional Library System
- Pasco County Library System
- Pompano Beach Public Library
- St. Lucie County Library System
- Suwannee River Regional Library System
- West Florida Regional Library System
- Winter Haven Public Library

Funded in part by Library Services and Construction Act Grant.

PREFACE

This edition of the Florida Library Directory contains statistical data for FY 1986-87. It includes address listings as supplied by public, academic, institution, and special libraries, and by district school media centers. A name index is included in the back. The computerization of the statistical data and address listings for the production of this year's Directory was done by E. Walter Terrie of the Florida State University Center for the Study of Population Studies, who was assisted by Danny McDaniel.

Statistical information was compiled from the annual reports submitted by cooperating public and institution libraries. The state of Florida participates in the Federal/State Cooperative Public Library Data System sponsored by the National Center for Education Statistics and builds on earlier projects sponsored by the United States Office of Education Research and Improvement and the American Library Association's Office of Research. The survey reflects participation in this project.

In using the data, it should be noted that population figures are from the Florida Estimates of Population, University of Florida, as of April 1987, and refer to permanent resident population only. Total population served by public libraries as reported in statistical tables 1,6, and 7 adds to more than the total population of Florida. This is because some municipal libraries and county libraries serve the same population group.

Appreciation is expressed to all of the State Library staff who helped with the compilation of the Directory and especially to Virginia Grigg, Elizabeth Curry, Laura Hodges, Kathleen Mayo, Betty Ann Scott, Loretta Flowers, Marvin Mounce, and Bill Paplinski. Also to Sandra Ulm of the Florida Department of Education who edited the school media center section.

A special note of appreciation is due to the librarians of Florida whose cooperation makes this publication possible.

STATISTICAL ANALYSIS FOR PUBLIC LIBRARIES
1986-1987

Data is compiled from annual survey forms distributed to public libraries in January 1988. Except in cases of obvious inconsistencies where changes were made in consultation with the libraries concerned, the information is published as submitted.

The survey requests information which is not reported in the Tables. This information is also compiled and kept on file at the State Library. Librarians may request information from these files at any time during the year.

Florida public libraries circulated 43,724,841 items to 3,926,629 registered borrowers through 1007 service outlets.

Florida public libraries have 776 librarians who have earned a master's degree in library science. Additional staff total 2,663 and there are 465 regularly scheduled volunteers. All numbers for staff are expressed in full-time equivalents.

The libraries offered 16,514,098 books plus 4,667,427 volumes of other types of materials to 12,643,764 residents, or 1.68 volumes per capita. Because some residents are served by more than one library, the number of residents served exceeds the population of Florida. This does not mean that every resident of Florida receives free library service. (See Status of Library Development 1988.) Circulation per capita was 3.46. The figures for FY 1986 were 1.63 volumes per capita and 3.56 volumes per capita circulated. Approximately 7,839,134 reference questions were asked. This represents .62 questions per capita, and each item circulated an average of 2.06 times during the year.

Revenue for FY 87 totaled $128,542,526 and was received from four main sources: Local (municipal and/or county governments), 89%; State of Florida, 6%; Federal government, 2%; and other, 3%. This compares to percentages reported for spending in FY 1986: local, 86%; State of Florida, 6%; Federal, 3%; and other, 5%.

The libraries reported a total operating expenditure of $118,872,113 which equalled $9.40 per capita. In FY 1986, the figure equalled $8.80 per capita, and in FY 85, $8.16 per capita.

Population projections were taken from Florida Estimates of Population, April 1, 1987, State, Counties, and Municipalities (prepared by the Population Program, Bureau of Economic and Business Research, University of Florida, April, 1988). When the group that receives free library service did not correspond to county or city boundaries, we used figures provided by the library. These exceptions are noted in the footnotes in Table 1.

POPULATION SERVED

(Footnotes to Table 1, Column 4)

1. Orange County Library District is for Orange and Osceola counties minus Maitland and Winter Park.
2. Miami-Dade population was computed by subtracting from the 1987 Dade County figure the population figures for: Hialeah, North Miami, North Miami Beach, Surfside, Bal Harbour, Bay Harbour Islands, and Opa-Locka.
3. Surf-Bal-Bay serves the population of Surfside, Bal Harbour, and Bay Harbour Islands.
